

RV CHASSIS

NEVER SETTLE.

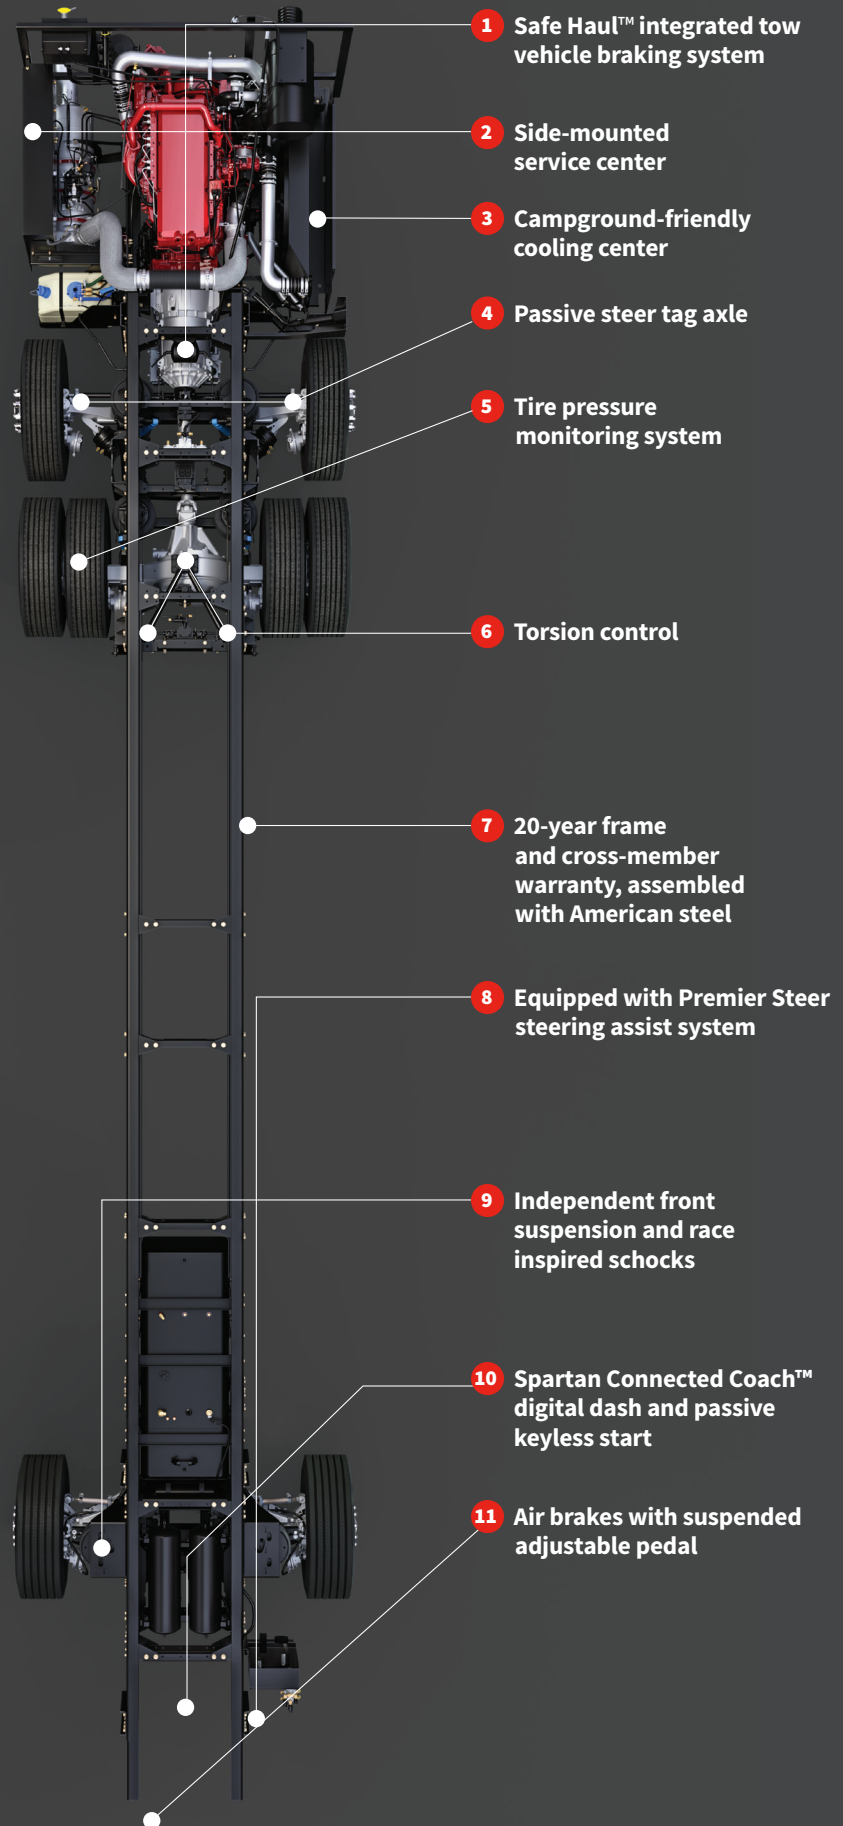

**FORETRAVEL
MOTORCOACH**

2021

THE PREMIER FOUNDATION.

At the bottom of it all is the Spartan chassis, made from the finest materials and engineered to give your luxury coach a safe, smooth, and reliable ride. Spartan has the features and components that give you confidence from the road up.

Note: Some features available as optional content on specific OEM models (could vary by model year).

**The only chassis made
exclusively for motorhomes.**

Our partners at Foretravel wanted an unmatched ride as smooth and quiet as it was invigorating and well-appointed. The K4 605 chassis was custom-built from the ground up to meet this demand. Designed to connect the driver to the road, the K4 605 is engineered with a trussed, torque-box frame that performs like a luxury SUV with both responsive handling and a comfortable ride.

The Foretravel Realm and Realm Presidential Class A coaches are built on our K4 605 Spartan chassis. Designed, engineered and made right here in America. Using only the finest components, we've created the premier foundation for the world's most demanding RV makers and owners.

Motorhomes riding on a Spartan chassis are built with longevity in mind. Our high-quality materials provide reliability and dependability, backed by nationwide service and the best warranty in the business.

**At Spartan, we never settle.
Neither should you.**
