

RV CHASSIS

NEVER SETTLE.

ENTEGRAL
COACH®

LUXURY

RIDING UNDER THE CORNERSTONE

Tire Pressure Monitoring System

Spartan RV has incorporated TPMS into the digital dash to display tire pressure and temperature while the coach is in motion. Spartan RV also has kits available for your towed vehicle.

Safe Haul™

Spartan RV introduced Safe Haul™ to the motor home industry in 2016. This factory-installed system ensures that your towed vehicle air brake system receives the right amount of air whenever the coach service brakes are applied.

17° Passive Steer Tag Axle

Spartan RV has the industry-leading wheel cut on the tag axle. This system is designed to give you optimal turning radius and minimize tire scrub.

Torsion Control System

Spartan RV was the innovator of this system in 2013. This portion of the suspension system is designed to absorb the torque of the engine and keep the drive axle square.

E-Z Steer

An electronic steer assist that allows the customer to adjust their level of comfort in different driving situations.

Custom Designed Digital Dash

Entegra designs safety into the dash by allowing the customer to pull the navigation and 360-degree camera displays into the dash for optimal viewing.

Advanced Protection Systems

Spartan RV's industry-leading protection systems provide owners with comprehensive safety technology that helps you mitigate collision and keep you alert to your surroundings.

Premier Foundation

With a Spartan RV chassis, you know you are riding on the most robust frame and crossmember system in the industry.

Bilstein® Shocks

High-performance GAS shock that will maintain ride quality for the duration of your trip, vs. an oil bath shock that can lose compression as the oil heats up.

Independent Front Suspension

Spartan RV was the innovator of the IFS for the motor home industry in 1996. Drive with confidence and comfort with best-in-class 20,000-lb. capacity.

THE PREMIER FOUNDATION.

Better Maneuverability.

A tighter turn radius gives superior maneuverability. The chassis is built to perform through corners and traverse terrain with stability. Even the on-the-go adjustable steering wheel is designed to reduce driver fatigue and improve your ability to maneuver at slow speeds and park with ease.

- Front: Independent front air suspension with 20,000-lb. capacity
- Tag: Parallelogram air suspension and integrated passive steering tag axle with 14,000-lb. capacity
- Bilstein shocks

Better Suspension.

We were the first Class A RV chassis maker to introduce custom independent front suspension, and have stayed the leader in ride quality and handling throughout the years with race-inspired Bilstein shocks for a smoother, more comfortable ride.

Best-in-class
turning radius.

Torsion Control Rear Suspension System

- Creates a quieter, smoother ride
- Creates less sway and a more stable ride
- Offers roll stability for better handling around curves

Thicker Frame Rails

- Giving you the strongest foundation in the industry today
- Increased frame rail stiffness, providing a more stable ride
- Larger crossmembers for added support

THE INDUSTRY'S BEST CHASSIS, BUILT AROUND SAFETY AND TECHNOLOGY.

The Spartan Connected Coach™

The Spartan Connected Coach provides owners with a customizable digital instrument panel that can be adjusted to meet your specific display needs.

E-Z Steer

An electronic steer assist that allows the customer to adjust their level of comfort in different driving situations.

Hands-Free Phone Controls

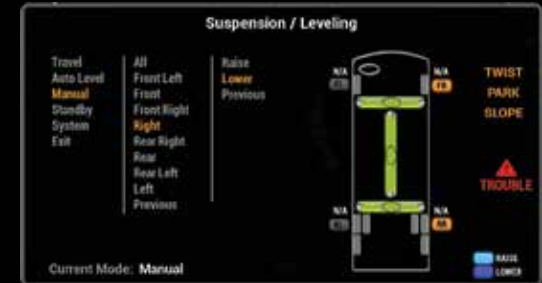

Advanced Protection System

- Tire Pressure Monitoring System
- Automatic Traction Control (ATC)
- Adaptive Cruise Control
- Electronic Stability Control
- Collision Mitigation System
- TPMS
- SafeHaul™
- Hands-Free Phone Controls

*Systems may vary per model

The Spartan Connected Coach provides owners with a customizable digital instrument panel that can be adjusted to meet your specific display needs.

Electronic ride height and air leveling system integrated into the digital dash.

The back-up camera or navigation can be set to display on the Spartan Digital Dash, keeping the camera or map in the driver's line of sight while driving. Designed with and for Entegra models.

2022 ENTEGRA CORNERSTONE 45'

CORNERSTONE

Spartan Advanced Protection System®:

- Automatic Traction Control (ATC)
- Adaptive Cruise Control (ACC)
- Electronic Stability Control (ESC)
- Collision Mitigation System with Adaptive Cruise Control
- Tire Pressure Monitoring System (TPMS)
- Spartan Safe Haul™ (The industry's only factory-chassis integrated air supply for tow vehicle brake systems)

Premium Features:

- E-Z Steer for a smoother driver experience and reduced driver fatigue
- Power tilt & telescoping steering column
- Independent front suspension
- Electronic suspension control system with self-leveling feature, including air compressor for extended stays
- Automatic heated moisture ejectors with color-coded lanyards
- Side-mounted service center
- Connected Coach™ digital dash with 15" display
- Passive steer tag axle
- 3-stage engine compression brake
- 20,000-lb. towing capacity
- SMART steering wheel
- Steering wheel mounted controls for radio & phone
- Spartan Passive Keyless Start
- Suspended adjustable pedals
- Air disc brakes at all wheel positions
- Hands-free phone controls

Specifications:

Engine

Cummins X15
18.7 CFM Air Compressor
1500 Watt Block Heater
Peak HP: 605 hp @ 1,800 rpm
Peak Torque: 1,950 lb.-ft. @ 1,150 rpm

Transmission

SPARTAN RV IS HERE TO MAKE EVERY ADVENTURE WORRY-FREE.

Spartan RV Chassis recognizes that a key to RV safety is keeping your vehicle well maintained. For that reason, we provide the industry's best warranty program while making it as convenient and easy as possible to conduct regular maintenance.

Best-in-class warranty:

- 3-year/50,000-mile transferable warranty
- 20-year transferable warranty on frame and cross members
- 5-year/100,000-mile Cummins engine warranty
- 5-year/200,000-mile Allison Transmission warranty
- 3 years of complimentary roadside assistance from Coach-Net®

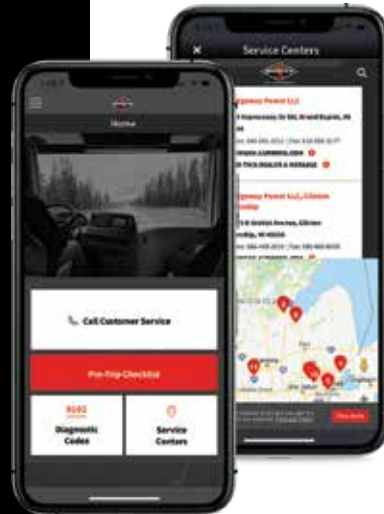

24/7 service and support is just around the corner.

Your adventures on the road don't always happen from 9 a.m. to 5 p.m. Spartan RV Service and Support is just a phone call or click away to make traveling easy on your mind.

- access to over 280 Spartan RV authorized service centers
- motor home mobile mechanic services engine warranty
- towing, fuel delivery, flat tire, jump start, lockout, and winching

ACADEMY

spartanrvchassis.com/

Know the Road: Spartan RV Owner Training Academy.

To help your coach ownership run safely and smoothly, we developed The Spartan Academy, a comprehensive training program that teaches you the ins and outs of:

- Chassis troubleshooting, including:
 - Electrical
 - Air systems
 - Suspensions
- Chassis maintenance
- Weighing unit/tire pressure
- Spartan RV customer & product support/warranty information
- On-the-road drive time with a certified instructor
- Walk-around of coach with a qualified Spartan RV chassis technician
- Factory tour
- Discounts on parts & accessories
