

NEVER SETTLE.

THE DIFFERENCE YOU CAN FEEL. THE EXPERIENCE THAT LASTS A LIFETIME.

At Spartan RV Chassis, we believe the road to better adventures begins with peace of mind.

When you know your coach rides on the industry's most premier, durable Class A motorhome foundation — a Spartan RV chassis — you can spend time on what matters most...making memories that last a lifetime.

So never settle for ordinary. Make it extraordinary. Make it Spartan RV Chassis.

New innovations for MY 2023:

All-new 20k Independent Front Suspension for superior ride and handling

- Exceptional durability.
 Proven over thousands of miles of accelerated and severe track durability testing.
- Unsurpassed ride quality.
 Advanced agility, maneuverability, and improved bump absorption through custom tuned, high performance shocks.

Enhanced driver safety.

New SMART Steering wheel with Graphical Instrument Cluster menu navigation, screen view selection, wiper, phone, and media control places essential information and instrumentation where the driver can see it while watching the road.

RIDING UNDER THE CORNERSTONE

Tire Pressure Monitoring System

Spartan RV Chassis incorporates TPMS into the digital dash to display tire pressure and temperature while the coach is in motion. Spartan RV Chassis also has kits available for towed vehicles.

Safe Haul®

Spartan RV Chassis introduced Safe Haul to the motorhome industry in 2016. This factory installed system ensures a towed vehicle's supplemental brake system receives the right amount of air whenever the coach service brakes are applied.

17° Passive Steer Tag Axle

Spartan RV Chassis has the industry leading wheel cut on the tag axle. This system is designed to provide drivers with an optimal turning radius and minimize tire scrub.

Torsion Control System

Innovated by Spartan RV Chassis in 2013, this portion of the suspension system is designed to absorb the torque of the engine and keep the drive axle square.

E-Z Steer

E-Z Steer allows the driver to adjust the steering effort to their most comfortable level in various driving situations.

Custom Designed Digital Dash

Entegra designs safety into the dash by allowing the driver to pull the navigation and 360 camera displays into the dash for optimal viewing.

Advanced Protection Systems

Spartan RV Chassis' industry leading protection systems provide comprehensive safety features, helping drivers mitigate collisions and stay alert of surroundings.

Premier Foundation

With its robust frame, thicker frame rails, and crossmember system, a Spartan RV Chassis is the most premier, durable Class A motorhome foundation in the industry.

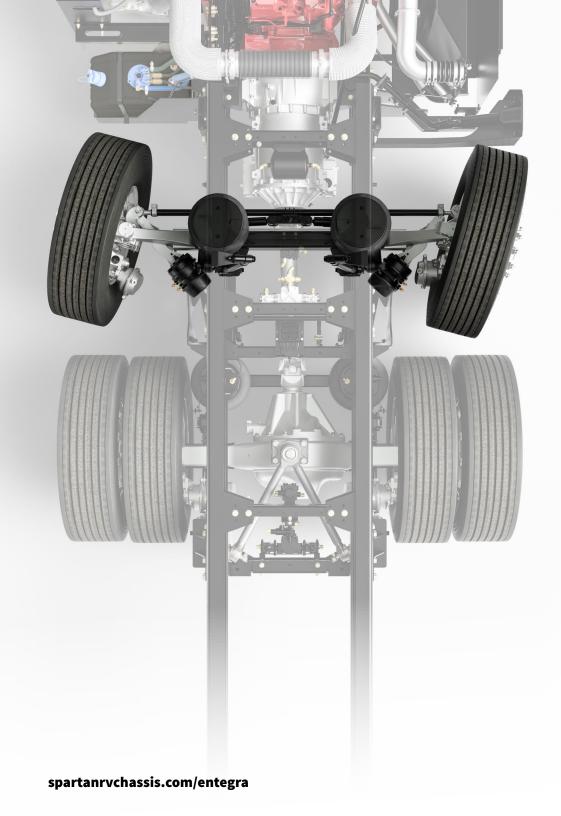

Custom Tuned Shocks

High performance shocks designed for each specific model ensure premium ride quality for every mile of the journey.

Independent Front Suspension - NEW!

Spartan RV Chassis was the first to introduce custom, innovative IFS to the Motorhome industry. Drive with confidence and ride in comfort with best in class 20,000-pound capacity.

THE PREMIER DRIVE™.

Better Maneuverability.

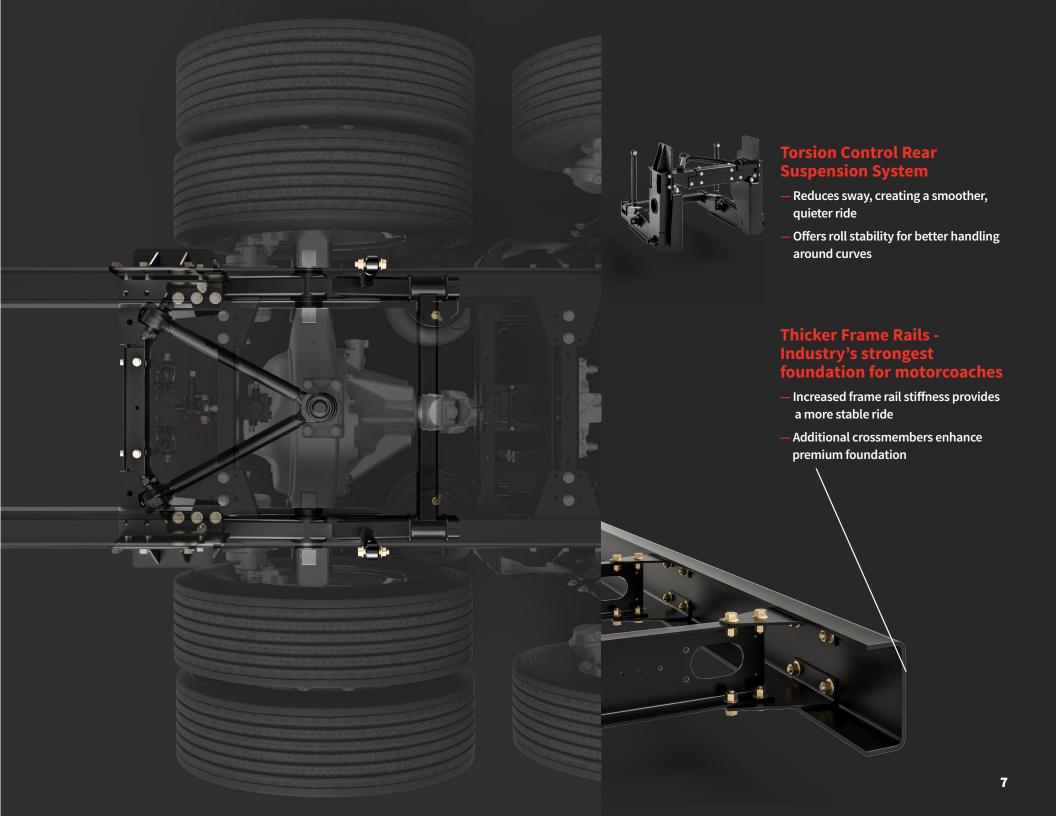

A tighter turn radius gives superior maneuverability. The chassis is built to perform through corners and traverse terrain with stability. Even the on-the-go steering effort is designed to reduce fatigue and improve maneuverability at slow speeds, allowing drivers to park with ease.

- Front: Independent front air suspension with 20,000lb capacity
- Tag: Parallelogram air suspension and integrated passive steering tag axle with 14,000 lb capacity
- Custom tuned shocks

Better Suspension.

Spartan RV Chassis was the first Class A RV chassis manufacturer to introduce custom independent front suspension. We have stayed the leader in ride quality and handling throughout the years with custom tuned shocks specifically for motorhome applications that provide a smoother, more comfortable ride.

THE INDUSTRY'S BEST CHASSIS BUILT AROUND SAFETY AND TECHNOLOGY

The Spartan RV Chassis Connected Coach™

The Spartan RV Chassis Connected Coach provides owners with a customizable digital dash, easily adjusted to meet specific display needs.

E-Z Steer

An electronic steer assist that allows the driver to adjust the steering effort to their most comfortable level in various driving situations.

spartanrvchassis.com/entegra

SMART Steering wheel with Graphical Instrument Cluster menu navigation

- NEW!

Navigation, screen view selection, wiper, phone, and media control.

Electronic Stability Control

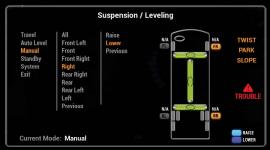

This system helps the driver maintain control of the coach in extreme steering maneuvers by automatically controlling individual brakes, keeping the coach moving in the intended direction.

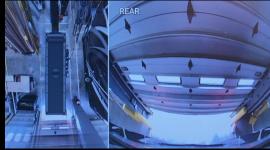

The Spartan RV Chassis Connected Coach provides owners with a customizable digital dash, easily adjusted to meet specific display needs.

Electronic ride height and air leveling system integrates with the customizable digital dash.

The back-up camera or navigation can be set to display on the customizable digital dash for optimal driver visibility. Designed for Entegra models.

RNERSTONE

Spartan Advanced Protection System®:

- Automatic Traction Control (ATC)
- Adaptive Cruise Control (ACC)
- Electronic Stability Control (ESC)
- Collision Mitigation System with Adaptive Cruise Control
- Tire Pressure Monitoring System (TPMS)
- Safe Haul (The industry's original factory-chassis integrated air supply for tow vehicle supplemental brake systems)

Premium Features:

- E-Z Steer for a smoother driver experience and reduced driver fatigue
- Power tilt & telescoping steering column
- Independent front suspension
- Electronic suspension control system with self-leveling feature including air compressor for extended stays
- Automatic heated moisture ejectors with color-coded lanyards
- Side-mounted service center
- Connected Coach digital dash with 15" display
- Passive steer tag axle

- 3-stage engine compression brake
- 20,000 lb towing capacity
- New SMART Steering wheel with Graphic Instrument Cluster navigation, screen view selection, wiper, phone, and media control
- Push button start
- Suspended adjustable pedals
- Air disc brakes at all wheel positions
- Auto headlamps
- Rain sensing wipers

SPARTAN RV CHASSIS IS HERE TO MAKE EVERY ADVENTURE WORRY-FREE.

Key to RV safety is a well-maintained coach. At Spartan RV Chassis, we make regular maintenance as convenient and easy as possible – while also providing the industry's best warranty program.

Best-in-class warranty:

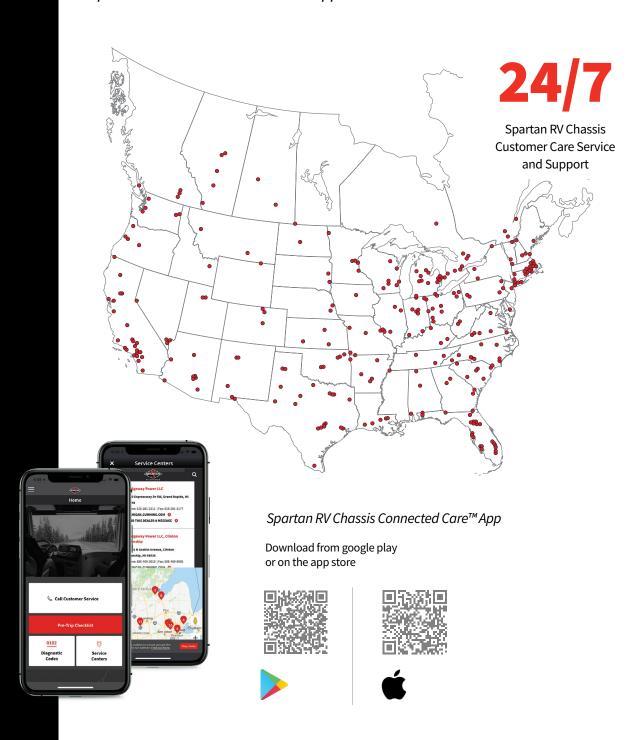

- 3-year/50,000-mile transferable warranty on all Spartan RV Chassis under Entegra Coach
- 20-year transferable warranty on frame and cross members
- 5-year/100,000-mile Cummins engine warranty
- 5-year/200,000-mile Allison Transmission warranty
- 3 years of complimentary roadside assistance from Coach-Net® (Aspire, Anthem, and Cornerstone only, 1 year Coach-Net® - Reatta and Reatta XL)

24/7 service and support is just around the corner.

Adventures on the road are not always from 9 to 5. That's why our service and support network is available 24/7 with hundreds of authorized service centers just a phone call or click away.

- access to over 280 Spartan RV Chassis authorized service centers
- RV chassis mobile mechanic services
- towing, fuel delivery, flat tire, jump start, lockout, and winching

spartanrvchassis.com/service-support

Know the Road: Spartan RV Chassis Owner Training Academy.

Supporting our owners every mile of every journey, we developed the Spartan RV Chassis Academy, a comprehensive training program that reviews coach driving, maintenance, and service needs. Learn from award-winning, certified technicians and trainers, and connect with a community of RV owners! Program curriculum includes:

- Chassis troubleshooting including:
 - Electrical
 - Air systems
 - Suspensions
- Chassis maintenance
- Weighing unit/tire pressure
- Spartan RV Chassis customer & product support/warranty information
- **25+**Training sessions annually

500+ Participants in 2021

- On-the-road drive time with a certified instructor
- Walk-around of coach with a qualified Spartan RV Chassis technician
- Factory tour
- Discounts on parts& accessories
